

RemPhos Proudly Introduces Richard L. Diehl as Vice President of Sales

RemPhos Technologies LLC is pleased to announce that Richard L. Diehl has joined the company in the position of Vice President of Sales. Rick comes with wealth of knowledge and experience in the lighting industry having spent 34 years with Osram Sylvania holding several sales management positions in their Industrial Commercial, Retail and Lighting Services Channels.

Rick will focus on building RemPhos' presence as a national supplier of innovative and high quality lighting products to the energy services industry. Rick comments "I am excited to start this new phase of my career with such a well-respected and forward thinking company as RemPhos. I believe the dedicated focus on the energy services industry and customer oriented culture that has led to RemPhos' success thus far is a great foundation for our future growth."

David Gershaw, Founder and President of RemPhos said "Rick provides us with a high level of professionalism and experience that complements the entrepreneurial passion and technical savvy that has driven RemPhos to this point. We are excited to begin this next chapter in the development of our company."

Rick can be reached at rdiehl@remphos.com

Please join us in welcoming Rick to the RemPhos team.

ABOUT REMPHOS

RemPhos Technologies LLC manufactures LED lamps, retrofit kits and fixtures for the Energy Services Industry. RemPhos was founded in Danvers, MA in 2009 and currently has state-of-the-art manufacturing facilities and processes in both the USA and China. RemPhos maintains an extensive product inventory along with customer service and technical support to meet the demands of the Energy Service Professional.
